GET TO KNOW CSS

CSS is the leading Oracle-only solutions integrator and managed services provider of Oracle Cloud and on-premise ERP solutions. We provide system integration and full project implementation services for large multinational organizations in several industry segments. We're a Cloud go-to and Specialized Partner in the Oracle Partner Network (OPN) and our Cloud solutions are featured on the Oracle Cloud Marketplace. CSS is the proud recipient of many Oracle Excellence Awards but we recognize that our client's experience is the greatest measurement of success. Our 20-year history of delivering innovative solutions to the Oracle community—and attracting and retaining the best talent in the industry—has helped hundreds of global enterprises meet business-critical objectives. But our experience goes deeper than that.
